THANK YOU ALL FOR COMING TO OUR SALE

Greetings from all of the Larson Family. We personally look forward to seeing all of you for our 44th annual production sale, Wednesday, February 27th 2013, at Presho Livestock.

Wow, what a year!! Record prices were set on cattle and grain! Cattle numbers are way down! Our consumption still continues to grow. Foreign exports of meat continue to rise and Japan looks to lift their imports to 30 months. Yes, we were all exceptionally dry in 2012, but now we just weathered an old fashioned blizzard. The weather patterns look to be changing! It has now been raining and snowing in many areas that were dry last year and is starting to look like an El Nino could be developing in the Pacific. We all know how wet we can become if it does!!!!

This year we put the bulls on a very low mega-cal ration of ground corn stalks, straw, hay, 4 pounds of modified distillers and CHS Bull pellets! **ABSOLUTELY NO CORN!!** This shows the genetics in the cattle's capacity to grow without doing it with the feed wagon!! This is the best way to find out true cattle efficiency and profitability! Not by DNA/blood testing, but by the scale! Like everybody that sells their calves and fat cattle do! **(we like to grow the bulls/not burn them out)** With the help of God, we hope to continue for the next 100 years of the cattle and horse industry. It takes good friends like you, to work with, to make it all worthwhile and we appreciate your support and confidence in our program. We always look forward to seeing each and everyone of you.

As you will see from cover to cover, we have done our best to put together a complete package of cattle that will compliment all of your herds. We feel so confident in this set of bulls, once again we are retaining 1/4 revenue sharing semen interest in all of the bulls. This means the purchaser gets full possession and 3/4 semen interest. If we would like to collect some of the bulls, we will work with the purchaser as to when it would work for their schedule. If any semen is sold from the any of the bulls the Larsons would receive 1/4 of the sales.

All of the bulls have tested NEGATIVE for BVD, Johnnes free level 1, they have been vaccinated with Express 5 PHM, 3VL6HB Pasturella, Haemophilus, 7-Way, foot rot shot, pink eye shot, Anthrax, Preg Guard 10, Microplasma, and have been poured with Pro-B and injectable Dectomax. The bulls should be ready to go right to your cows and go to work. We can take your bulls home with us and keep

free of charge until May 1, 2013.

Due to the younger age of the bulls, and the chance of injury or death, we will semen test the bulls in April. The last 4 years every bull we brought home, that sold on the sale, tested extremely well and passed their test in April. We also give a first season breeding guarantee, and try to keep replacement or a loner bull on hand for you to finish out your breeding season. (See page 12)

The bred heifers have been ultra sounded, calf sexed, both scour shots, Anthrax shots, re-preg checked and Bangs verified. All heifers have tested NEGATIVE for BVD. It saves a lot when you can get heifers grouped into a short calving period, all the work done in a short amount of time, just in time for spring turn out.

*So come join us for the day
and we maybe able to design a
program together that will
enhance your operation!*

Boarding of Bulls After the Sale

We can take all the bulls home and keep them free of charge until May 1. Any bull that brings over \$5,000 will be kept free of charge until May 15. We will charge \$2.00 per day to keep bulls extra days. It would be greatly appreciated if all bulls could be picked up by May 1st, 2013, or as soon as possible. As the weather warms up, the bulls run a higher risk of injury due to riding & fighting. We will do our best to care for the bulls but injuries can happen. Thank you VERY much.

Suggested Guidelines for Best Results When Using Yearling Bulls

We are firm believers in the use of yearling bulls and feel it is one of the best years of their lives. It is a time when they are easy to manage and their only concern is breeding cows. We have found that when yearling bulls are managed carefully during the second year of their lives, they will perform better over time than bulls purchased as two-year-olds. Here are some suggested guidelines for care of yearling bulls.”

- Upon receipt at your ranch, keep yearling bulls separate from older bulls and feed them a maintenance ration of 3-5 lbs/head of grain (corn, oats or bull pellets) and free choice of hay. Reduce the amount of grain fed gradually, so bulls are on straight hay or grass 2 weeks prior to turning them out.
- Where possible, try to limit the bulls to 45-60 days of pasture service the first year. At this time or as soon as possible, remove the bulls and put them in separate pastures with plenty of good quality grass.
- It is best to feed yearling bulls separate from older bulls until after their second breeding season. This allows them to achieve the growth and strength necessary to compete with older bulls for feed and space.
- A winter feeding ration of 2-4 lbs. of grain, cake or pellets, plus free choice hay will put the bulls in condition and allow them to grow and develop through the winter.

The little added cost and care of feeding a yearling bull is usually made up for the average discount in price when buying yearlings versus two year olds. You will also benefit by one and probably two or three more years use out of a well-managed and healthy bull purchased as a yearling.

We believe in the use of yearling bulls; and caring for them through their second season.

SALE TERMS AND CONDITIONS

Except for those stated in the below terms and conditions, there is no warranties, either expressed or implied, as to merchantability of fitness for a particular purpose with respect to the livestock being sold at this auction. The warranties and guarantees set forth in the “terms and conditions” are in lieu of all other warranties, either expressed or implies, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach of warranty or guarantee therein provided, and all other obligations or liabilities.

Bidding

Each animal will be sold to the highest bidder without reserve. The person in charge will settle any disputes as to bids, and his decision on such matter shall be final.

Announcements

Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

Breeding Guarantee

1. All animals are guaranteed to be breeders, with the exception of” a) Calves under twelve months of age, b) Animals shown by purchaser after the sale (in cases of animals shown after purchase, the breeding guarantees, if any shall be such as agreed upon between the seller and the buyer); c) Injury or disease occurring after the sale; d) Gross negligence or willful misconduct on the part of the purchaser.
2. **Bulls** are guaranteed breeders if not allowed to run with the herd until at least 12 months of age. Any bull which settles cows by natural service and passes fertility test made by competent fertility tester, mutually agreed upon by buyer and seller, during 6 month period of trial (provided for in paragraph 2 of the section of these sales terms and conditions) shall be considered a breeder. Any guaranties with respect to the ability to freeze semen shall be by separate agreement between the buyer and seller.
3. **Safe in Calf Females** have been examined by a competent veterinarian and are so guaranteed.

Reserve Champion Angus Bred Heifer
 ACC Bando 598-909 daughter

The three kids have showed in 4-H the last five years, previously, Audie, Monty and Vicki showed over the years, with numerous Grand Champions, Reserve Champions and Carcass Champions. In 2003 for the first time, Monty showed a yearling Charolais Bull at the Black Hills Stock Show, and received Grand Champion yearling bull and high selling bull. In 2004 Kaylea had Reserve Champion Charolais Bull BHSS. In 2006 Kaylea had 2nd High Selling Maine Anjou Bull. Audie had high selling charolais bull at the BHSS. The 3 kids exhibited cattle at the Mid-Dakota fair and WJLS, Rapid City and were fortunate enough to receive:

Grand Champion - 3 year old cow/calf pair - 6 years
 Reserve Champion - 3 year old cow/calf pair - 6 years
 Grand Champion - 2 year old cow/calf pair - 6 years

Reserve Champion - Yearling bred & owner heifer - 7 years
 Grand Champion - Yearling bred & owned - 5 years
 Reserve Champion - Bull calf overall breeds

Thank You

to each of you that
have helped us so much through the years!

HARB BLACK LADY 375 J H	H A R B HIGH PLAINS 975 JH
	H A R B BLACK LADY 073 J H

Pendleton has become a highly proven, safe bet heifer bull. His progeny excel to weaning and through the feedlot; feeder calf buyers appreciate the performance, fram and muscle of the Pendleton calves. An ideal option for use on commercial heifers where pounds of calf weight is a necessity.

Performance Data:

Birth Weight: 79 lbs.	Weight: 2,320 lbs.
Adj. 205 Weight: 721 lbs.	Yearling Frame Score: 6.0
Adj. 365 Weight: 1,271 lbs.	Mature Frame Score: 6.6
Scrotal Circumference: 39.0 cm.	Born: 02/07/05

ATTENTION:

This year every bull that sells for \$3,000 or more will be guaranteed until Sept. 1st, 2013, against breeding injuries. The Larsons will guarantee the bulls to be breeders and to pass a breeding soundness and fertility exam. (Penile Hematoma; Preputial Tear; Testiclicities) If your bull is unusable we will credit you the difference between your purchase price and the salvage value of your bull on a bull on the 2014 sale. This way he will be covered for 100% value. We will also try to have a loaner bull available for you to use the balance of the 2013 breeding season, (until Sept. 1st 2013) at which time you can return the loaned bull to the Larson's. The bulls are not covered for abuse, neglect or lack of care. All 2 year old bulls are also tested negative for Tritrichomnas foetus. Any bull that brings \$2,999 or less will be guaranteed at 1/2 credit towards 2014's sale using the difference between purchase price and salvage value. We will try and have a loaner bull available for your use until Sept. 1st 2013, at which time the bull can be returned to the Larson's.

Breeding Soundness Exam

Two-year old bulls have passed a breeding soundness exam by the Animal Clinic, Ltd of Winner, SD. The yearling bulls have not yet been tested. The yearling bulls were scrotal measured and adjusted to a 365 day measurement.

Herd Health

The Larson bulls and heifers are on an excellent herd health program designed to provide optimal health and reproductive efficiency. Throughout their production cycles they have been given numerous vaccines to ensure their ability to perform at the highest level. These include IBR-PI3-BVD-BRSV, Histophilus, Mannheimia Haemolytica, Pasteurella Multocida, Mycoplasma, 7 way, Pinkeye-implants and Anthrax. In addition they have been given Dectomax injectable and an Ivermectin pour on. They have all been ear notch tested negative to PI BVD. The bulls have all had a Virashield 6VL5HB vibrio leptu and Fusoguard foot rot vaccine. The heifers have been Brucellosis vaccinated, pelvic measured, given Vista 3VL5 prebreeding, as well as Scour Bos 9 and boosted with Scour Bos 4 pre-calving. All heifers' pregnancies have been ultra sounded for age and if old enough the sex of the embryo determined. The Larson cattle have many years of outstanding success and are ready to go into any herd and get right to work.

Animal Clinic, LTD., Winner, SD

Dr. John Voegeli, Dr. J. Eric Heath, Dr. C.A. Owen, Dr. Tom Covey

All bulls were weaned in September 15, 21 & October 4. They were on a growing ration of ground hay, silage, free choice loose hay, 2.5 pounds of distillers, 14 percent CHS protein pellets, minerals and vitamins (A 45 mega cal ration).

We put the bulls on a 128-day test, starting the day they were weaned. This test is to compare the bulls to one another, not to see how fast they will gain. We try to grow them with good muscle; not burn them out with a hot ration of grain.

We believe we brought to town an even, excellent, thick, super fancy and showy set of bulls that will work in anybody's herd with fantastic pedigrees and proven genetics behind these bulls.

We once again ultra-sounded the bulls this year for carcass data. We feel Carcass Data is also a very important part of the overall appraisal of a bull.

Registration Papers

Papers will be mailed on registered cattle upon request of buyer unless otherwise announced. Please leave information with the clerk at settlement. We will sign and mail papers to purchaser who can send them in to be transferred.

Performance Records

Performance records are included for your information and guidance in selection. We consider them important but not absolute.

We have tried to provide in these records enough information to help you in selecting a bull which will best fit your needs.

Terms and Conditions

Terms of the sale are cash. Each animal will be sold to the highest bidder. Bidding disputes will be settled by the auctioneer, whose decision will be final. All cattle will be at the purchaser's risk as soon as sold, but will be cared for the best possible. **(All remarks sale day take precedence over catalog.)**

Accidents and Liabilities

All persons attend the sale at their own risk. The sellers and sales management assume no liability, legal or otherwise, for any accidents occurring in, on or about the premises.

Marbling is measured as percent fat. Beef carcasses are traded on the amount of intermuscular fat (marbling) they contain between the 12th & 13th ribs. Real time ultrasound has the capability to predict the actual percent of marbling in the ribeye. Bulls have 2.5 percent less intermuscular fat (marbling) than their calves (progeny) will have, so add 2.5% to each bulls IMF (marbling) rate to know how his progeny will grade.

Back Fat is measured between the 12th & 13th rib, and can be measured by ultrasound. AVERAGE BF = .50 in. RANGE = .20-.80 in.

Ribeye Area is the amount of muscle in a carcass where the high cuts of meat comes from. AVERAGE AREA = 1.1 sq. inch per 100 lb. liveweight RANGE = 9-15 sq. inches

All of these records are provided s tools and aids in selecting a bull. But never select breeding stock just on records, but also on eye appeal, structural correctness, herd longevity of the sires and dams, fertility and herd history.

R-cap = Retail Capacity A measurement to show the size of the high (EXPENSIVE) cut of meat and the individual capacity of each bull. A crucial component in our finished beef product.

27 — REGISTERABLE ANGUS BULLS — LOTS 1-28

These 13 bulls are highly recommended for heifers.

1, 5, 6, 11, 14, 32, 33, 36, 37, 45, 46, 63, 70

Now offering for sale:

- Coming Yearlings (Spring of 2013)
- Coming 2 Year Olds (Spring of 2013)
- Coming 3 Year Olds (Spring of 2013)
- Broke Saddle Horses
- This Fall we will be offering Weanlings

Bloodlines:

Firewater Jets / Sunfrost (Jackpot) / Leo / Paprika Pine / Poco / Top Sail Cody / Illuminator / and More!

DM Sun Twister & Ms Pine Image

We brought these two horses in from the pasture in February and started riding them part time. They are extremely quiet and easy to work with after months of being turned out. Both horses have tested negative for Coggins and have had all of their 2013 shots on February 7th.

****Encephalomyelitis-West Nile (Eastern-Western) -Tetnus (Vetera EWT + WNV)**

DM Sun Twister (2008 Mare)

DM Sun Twister is an extremely sharp looking, quiet, excellent minded mare with a nice handle to her. She has color, pedigree and disposition, don't miss out on this opportunity! She is ready to get started on roping or barrels or whatever you need a good horse to do.

PC Rubys Sun Frosty	Sun Frost
DM Suntwister	Rudy Tuesday
BB Buffy	Tardy Win
	Bob Cats Doll

Ms Pine Image (2003 Mare)

Here is opportunity that doesn't come along very often. A tremendous buckskin mare that has a fantastic pedigree. We have used her on the ranch a lot and Kaylea has used her for heading steers, ribbon roping, and breakaway. Her only vice is that she doesn't like having shots.

“God made a Farmer”

And on the 8th day God looked down on his planned paradise and said, "I need a caretaker!". So, God made a farmer!

God said I need somebody to get up before dawn and milk cows and work all day in the fields, milk cows again, eat supper and then go to town and stay past midnight at a meeting of the school board. So, God made a farmer!

I need somebody with strong arms. Strong enough to rustle a calf, yet gentle enough to deliver his own grandchild. Somebody to call hogs, tame cantankerous machinery, come home hungry and have to wait for lunch until his wife is done feeding and visiting with the ladies and telling them to be sure to come back real soon...and mean it. So, God made a farmer!

God said I need somebody willing to sit up all night with a new born colt and watch it die and dry his eyes and say "maybe next year". God said "I need somebody that can shape an ax handle from a persimmons sprout, shoe a horse with a hunk of car tire make a harness out of hay wire, feed sacks and shoe scraps. And...who, at planting time and harvest season, will finish his forty hour week by Tuesday noon. Then, pain'n from "tractor back", put in another seventy two hours. So, God made a farmer!

God had to have somebody willing to ride the ruts at double speed to get the hay in ahead of the rain clouds and yet stop on mid-field and race to help when he sees the first smoke from a neighbor's place. So, God made a farmer!

God said, "I need somebody strong enough to clear trees, heave bales and yet gentle enough to tame lambs and wean pigs and tend the pink combed pullets...and who will stop his mower for an hour to mend the broken leg of a meadow lark. So, God made a farmer!

It had to be somebody who'd plow deep and straight...and not cut corners. Somebody to seed and weed, feed and breed...and rake and disc and plow and plant and tie the fleece and strain the milk. Somebody to replenish the self feeder and then finish a hard days work with a five mile drive to church. Somebody who'd bale a family together with the soft strong bonds of sharing, who'd laugh and then sigh...and then respond with smiling eyes, when his son says he wants to spend his life "doing what dad does". So, God made a farmer.

Paul Harvey

Congratulations!

STRESS MANAGEMENT

A young lady confidently walked around the room while leading and explaining stress management to an audience with a raised glass of water. Everyone knew she was going to ask the ultimate question, 'half empty or half full?'... She fooled them all "How heavy is this glass of water?" she inquired with a smile. Answers called out ranged from 8 oz. To 20 oz.

She replied , "The absolute weight doesn't matter. It depends on how long I hold it. If I hold it for a minute, that's not a problem. If I hold it for an hour, I'll have an ache in my right arm.

If I hold it for a day, you'll have to call an ambulance. In each case it's the same weight, but the longer I hold it, the heavier it becomes." She continued, "and that's the way it is with stress. If we carry our burdens all the time, sooner or later, as the burden becomes increasingly heavy, we won't be able to carry on."

"As with the glass of water, you have to put it down for a while and rest before holding it again. When we're refreshed, we can carry on with the burden - holding stress longer and better each time practiced.

So, as early in the evening as you can, put all your burdens down. Don't carry them through the evening and into the night... Pick them up tomorrow.

1. Accept the fact that some days you're the pigeon, and some days you're the statue!
 2. Always keep your words soft and sweet, just in case you have to eat them.
 3. Always read stuff that will make you look good if you die in the middle of it.
 4. Drive carefully... It's not only cars that can be recalled by their Maker.
 5. If you can't be kind, at least have the decency to be vague.
 6. If you lend someone \$20 and never see that person again, it was probably worth it.
 7. It may be that your sole purpose in life is simply to serve as a warning to others.
 8. Never buy a car you can't push.
 9. Never put both feet in your mouth at the same time, because then you won't have a leg to stand on.
 10. Nobody cares if you can't dance well. Just get up and dance.
 11. Since it's the early worm that gets eaten by the bird, sleep late.
 12. The second mouse gets the cheese.
 13. When everything's coming your way, you're in the wrong lane.
 14. Birthdays are good for you. The more you have, the longer you live.
 16. Some mistakes are too much fun to make only once.
 17. We could learn a lot from crayons. Some are sharp, some are pretty and some are dull. Some have weird names and all are different colors, but they all have to live in the same box.
 18. A truly happy person is one who can enjoy the scenery on a detour.
 19. Have an awesome day and know that someone has thought about you today.
- AND MOST IMPORTANTLY**
20. Save the earth.... It's the only planet with chocolate!"

Thank you!

We would like to extend a thank you to everyone who attended our sale and to all of the buyers who purchased bulls or heifers. Thank you for not making inquiries on Sundays.

We want to thank the auctioneers for the fine job they have done.

Thank you to Cody Palmer and Farm Bureau for part of the dinner supplies and coffee.

Thank you to CHS Feeds and the ladies from the cafe for helping serve the dinner.

Thank you to Producers Seeds and Justin Blasius for all they have done also.

Also a big thank you to all of those who helped in the many different ways of getting ready for and during the bull sale.

Kirt Hossle

Mark Winter

Tex Holthus

Kevin Moody

Brandon Moody

Shay Littau

Randy Holmquist

Bill Vogel

and everyone else that helped us out over the year so much

Thank you everyone!
